**Meet the public cloud enterprises rely on.**

*Open, enterprise-grade public cloud based on OpenStack® technology.*

★ Free cloud credit    ⓘ Plans & pricing

Get started with HP Helion Public Cloud for free. Use any product in public beta or general availability for free up to your usage credit\*. So try our most popular products below, or go for another combination of products that works best for your business.

**Spin it up.**  
Get an HP Cloud Compute XS standard Linux instance with an XS MySQL database and 50 GB block storage.

**Store it all.**  
If loads of storage is what you need, we can help you with that. Get up to 1000 GB of HP Cloud Object Storage.

**Get your free cloud credit today**

**What will you do in the HP cloud?**

**Dev/Test** – Develop and test an application on either a Windows or Linux instance. And by the way? Yes, you can spin it down after hours so you're not getting billed.

**Archival** – Test out data transit times, accessibility, and performance of our object storage.

**Backup** – Do you have critical data you need to back up? We've got you covered. Back up your 1000 GB for free, and we'll replicate your data three times to ensure it's always available. We do that automatically and for no extra charge.
